

State Water Resources Control Board

October 4, 2019

Ms. Niambi Lincoln
Palo Alto Park Mutual Water Company
2190 Addison Avenue
Palo Alto, California 94303

Dear Ms. Lincoln,

Subject: Rescind the Approval of Technical Assistance for Full Planning for Palo Alto Park Mutual Water Company (System)

You are hereby notified that the approval of the System's request for technical assistance for a full planning project to address iron and manganese violations is rescinded. In addition, your request for California Rural Water Association (CRWA) to provide technical assistance in submitting a planning application is not approved at this time.

In the May 1, 2019 letter sent to you, the Division of Financial Assistance (Division) approved California State University, Sacramento (CSUS) to provide technical assistance to the System in the form of a planning project. Your letter to Mr. Dat Tran (dated May 8, 2019) did not accept the approval of technical assistance provided by CSUS, but instead requested technical assistance provided by CRWA to submit a planning application.

If you have further questions regarding this matter, please contact me at (916) 341-5694 or via email at James.Maughan@waterboards.ca.gov.

Sincerely,

James Maughan, P.E.
Assistant Deputy Director
Division of Financial Assistance
